

# GOOD GRIPS®

22 lb Food Scale

Thank you for choosing the OXO Good Grips 22 lb Food Scale! OXO's user-friendly Food Scale with Pull-Out Display is perfect for weighing all ingredients, eliminating the need for multiple measuring cups and spoons. Weigh items directly on the platform, on a plate, or in a bowl, and pull the display away from the base for better visibility. Measure ingredients while cooking and baking, stick to a diet by weighing portions, or weigh fruits, vegetables and more. Easily switch between measuring weight and volume without the need for a new bowl. The Scale can measure the volume of water-based ingredients and comes with a conversion chart to measure the volume of other ingredients like oil or flour. Before you get started, please familiarize yourself with the many features of this useful Scale.
